

Rule 9004-1 CAPTIONS OF PLEADINGS AND ORDERS

The caption of any pleading, all responses and replies thereto, and any proposed order shall conform substantially to Official Bankruptcy Form 16D governing adversary captions except that the party seeking relief shall be designated as “Movant” and the party against whom relief is sought shall be designated as “Respondent.” When there is no entity to be named as a respondent, the words “No Respondent(s)” shall be stated. In the caption of each motion and any response thereto the case number shall be entered as well as the Chapter number. “Document No.” shall be stated instead of “Adversary Proceeding No.” when the pleading is a motion in the main case. The caption for the motion shall substantially conform with Local Form No. 17. A certificate of service, proposed order, or any subsequent pleading to a motion, objection, or other request for relief shall include in the caption the hearing date and time, the objection date, and the document number of the document that it pertains to.
