Rule 5005-8 NOTICE AND SERVICE

- (a) The CM/ECF System automatically generates a Notice of Electronic Filing ("NEF") when a document is filed. The NEF contains a hyperlink to the document filed and identifies by e-mail address each Filing User to whom the CM/ECF System automatically transmits the NEF. The generation of an NEF by the CM/ECF System creates a presumption of effective notice and service as to each Filing User identified in the NEF.
- (b) By registering as a Filing User with the Court, a Filing User consents to electronic notice in the form of a CM/ECF System-generated NEF, and waives his or her right to receive notice by first-class mail, including, but not limited to, the entry of an order or judgment pursuant to Fed. R. Bankr. P. 9022.
- (c) By registering as a Filing User with the Court, a Filing User consents to electronic service in the form of a CM/ECF System-generated NEF which contains a hyperlink to a PDF of the document(s) being served, and waives his or her right to service by personal service or first-class mail, except with regard to service of a summons and complaint pursuant to Fed. R. Bankr. P. 7004, a motion initiating a contested matter under Fed. R. Bankr. P. 9014, and/or a subpoena under Fed. R. Bankr. P. 9016.
- (d) As to persons who are not Filing Users, notice and service shall be effectuated by nonelectronic means in accordance with all applicable Local Bankruptcy Rules and Federal Rules of Bankruptcy Procedure.
- (e) A certificate of service shall identify the specific method of service upon each person served.
